D - sleeve length	79 cm	81 cm	83 cm	85 cm	87 cm

\* **Chest size** - measure circumference of your chest around the fullest part of the chest, just under your arms.

### FITTING

- STANDARD FIT** ➔ *This jersey has a loose fit with wider sleeves and chest part, but it's not baggy. Body part is longer than in other models to maintain length when wearing armours or back protectors*
- PROTECTORS** ➔ *This jersey is designed to be used with slim protectors and slim armours. It may fit with a full body armour but we recommend you choose one size bigger.*
- SLEEVES** ➔ *Extra long sleeves are designed for a usual riding position. Even with a very stretched body position the sleeves cover wrists. These wider sleeves let you wear light elbow protectors.*
